## Project Description

The objective of this Technical Cooperation is to complement Bank support the implementation of the Haiti 2020-2030 Decennial Education Sector Plan (PDEF) through the Quality Assurance System (SAQ) and the Education Information Management System (EMIS). The PDEF outlines key priority areas for reforming the quality of education provided in Haiti, primarily: institutional and governance strengthening; increasing access to schooling and enhancing the quality of teaching and learning. Through supporting the SAQ and the EMIS, the government will be better able to monitor progress in improving educational quality and more effectively identify and address student learning challenges.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
