Project Cost (USD)	$ 1.30 million

Project Description

Kenya SME Road Construction Project in the road construction sector is an IFC advisory service project that aims at enabling local Kenyan road construction sector SMEs to bid and win more contracts in public sector road construction, rehabilitation and maintenance, and improve their project execution in the road sector. The project will build the skills of road construction sector SMEs in bidding, business management and project implementation through local training providers. It will also support value chain promotion activities to strengthen road construction sector SME relations with suppliers and public sector buyers and increase their visibility.

The project will be implemented by IFC in partnership with public and private stakeholders in Kenya.

Investment Description

- International Finance Corporation (IFC)

ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at http://www.cao-ombudsman.org/
