## Project Description

According to the bank, the Fund will invest primarily in equity, quasi-equity and mezzanine project finance opportunities, investing at least 60% into energy efficiency projects and 40% in small scale renewable energy projects.

MSEF II sets a triple bottom line: financial (based on target returns), social (based on growth for small and medium size developers) and environmental (based on energy savings and reduction in greenhouse gas emissions and water).

The Fund's investments will support the EIB's climate action priority.

### ENVIRONMENTAL ASPECTS

Most of the current and future projects do not fall under the Environmental Impact Assessment (EIA) Directive 85/337/EEC, as amended, in which case the projects would not be subject to an EIA. If an underlying investment were subject to an EIA, the Fund Manager will be required to obtain the non-technical summary of it, and where relevant written confirmation from the competent authority that the investment will not have any significant negative impact on sites of nature conservation.

### PROCUREMENT

MSEF II investment guidelines will be required to ensure that procurement procedures applied by the underlying investments financed by the Fund are in line with the provisions of the relevant Directives and EIB requirements as applicable.

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
