## Project Description

According to the IFC website, the project aims to deepen Cleaner Production interventions, enhance sustainability and competitiveness of the sector through a programmatic approach across the entire value chain of the textile sector of Bangladesh.

The project includes three main components:

1. Engagement with factories and brands through advisory support to improve energy, water and chemical efficiency
2. Strengthen knowledge platform (Textile Technology Business Center)
3. Development of the necessary enabling environment for resource efficient textile production through stakeholder alignment and public-private dialogue.

### *ACCOUNTABILITY MECHANISM OF IFC*

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
