## Project Description

DPI's strategy is to build a diversified pan-African portfolio of private equity investments in established and growing companies benefiting from Africa's fast-growing, middle class. ADP III is expected to invest USD 40 - USD 120m in 8 - 14 different companies. DPI has more than 35 members of staff, of which 40% are women, and its investment team is 100% African. DPI also has a dedicated Portfolio Management team that works closely with the management's teams of its investees. ADP III will contribute to the creation of value within its investees and the positive impact they have on their local communities, creating more jobs and increasing government tax revenues as well as broadly fostering regional economic integration.
