### Project Description

According to the bank website, "Project 3 will continue expanding sewerage and drainage services in selected peripheral areas of Kolkata Municipal Corporation (KMC) to at least 3,000 additional households and provide sewage treatment for at least 100,000 households covered under Kolkata Environmental Improvement Investment Program. It will construct (i) at least 43 km of additional sewer drain pipes; (ii) four pumping stations and at least 13 km of pumping mains and one existing pumping station upgraded; and (iii) three sewage treatment plants, with at least 115 million liters per day combined capacity. Project 3 will support KMC in enhancing its operational capacity and resilience of urban services. It will provide planning, preparatory and transaction advisory services for a comprehensive sanitation improvement in Kolkata, improve inclusiveness of public places, and provide training and capacity building of KMC staff in resilient urban services operations.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
