Investment Type(s)	Loan
Investment Amount (USD)	\$ 61.62 million
Loan Amount (USD)	\$ 61.62 million
Project Cost (USD)	\$ 437.00 million

Project Description

According to WB website, the development objective of Sindh Enhancing Response to Reduce Stunting Project for Pakistan is to contribute to the reduction of the stunting rate among children under 5 years of age by targeting the most affected districts in the Province of Sindh. This project has two components:

Component 1. Expanding Access to a Multisectoral Package of Services for Reducing Stunting which aims to support expansion and increase coverage of a multisectoral package of services to deliver results related to maternal and child nutrition, hygiene and sanitation practices and quality and diversification of dietary practices

Component 2. Strengthening Key Cross - Cutting Nutrition-Related Interventions and Project Management which aims to finance TA and selected inputs for effective cross-sectoral communication, coordination and information systems, in addition to Conditional Cash Transfer (CCT) demand side that will contribute towards achievement of project results.
