<b>Status</b>	Active
<b>Bank Risk Rating</b>	C
<b>Borrower</b>	Government of Chile
<b>Sectors</b>	Education and Health, Technical Cooperation
<b>Investment Type(s)</b>	Grant
<b>Investment Amount (USD)</b>	\$ 0.40 million
<b>Project Cost (USD)</b>	\$ 0.40 million

## Project Description

1) Contribute to the improvement of the capacity of provision of health care network with strategies that allow better case management and contribute to the continuity of essential care for priority populations during and after the emergency. 2) Contribute to better management of health waiting lists with the updating of the data model and the interoperability of the health waiting time management system, with other key repositories of the integrated network of health services. 3) Implement a telehealth model in primary health care centers that allows clinical teams to maintain regular control over their patients with chronic diseases to avoid decompensation.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
