## Project Description

This is a follow-on grant from a 2012 pilot project, the Land Tenure Security Program in Rural Areas (2720/GR-HA) (PSFMR: Programme de Sécurité Foncière en Milieu Rural), supported by an IDB grant of US\$27 million (HA-L1056). The new project aims to build on the PSFMR, and to increase agricultural productivity through the promotion of agricultural investments and sustainable management of natural resources. The specific objectives are: (i) to increase land tenure security of rural households; and (ii) to improve the quality of land management services.

The program contemplates to finance activities within the following lines of action: 1. Land Tenure Clarification (US\$30 million), including expansion of the PFB to other communes within the same jurisdictions (Les Cayes, Fort Liberté, Grand Riviere du Nord); 2. Institutional strengthening for land administration (US\$8.5 million); 3. Valuation of Rural Land (US\$1.5 million), specifically in Camp Perrin.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
