## Project Description

### FUNDING OBJECTIVE

FMOs USD 100 million syndicated pre-export A/B Loan will be used to finance the company's working capital needs related to its farmer financing and export activities.

### WHY WE FUND THIS PROJECT

CAGSA is a key player in the Argentinean agribusiness sector that reaches directly 13,500 farmers in the country with inputs and services. CAGSA has grown from a company of 140 employees in 2001 to 1400 employees in 2014. Thanks to their extensive in-land network and direct relationships with farmers CAGSA has a unique market position and plays an important role in the value chain. CAGSA's role as a grain originator connecting producers with world markets strongly fits FMO's goals of optimizing agribusiness value chains.
