IADB-BO-L1230

Program for the Development of Energy Efficiency in Street Lighting  
Systems in Bolivia

## Quick Facts

<b>Countries</b>	Bolivia
<b>Financial Institutions</b>	Inter-American Development Bank (IADB)
<b>Status</b>	Approved
<b>Bank Risk Rating</b>	B
<b>Borrower</b>	Plurinational State of Bolivia
<b>Sectors</b>	Energy
<b>Investment Type(s)</b>	Loan
<b>Investment Amount (USD)</b>	\$ 70.00 million

## Project Description

Support the sustainability of Bolivia's energy matrix to promote energy efficiency and reduce carbon dioxide emissions, by promoting the efficient use of electricity. In addition, the program seeks to reduce the consumption of electricity in the public lighting systems (AP) of cities, through the implementation of energy efficiency measures and the use of modern and more efficient technologies.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
