## **Project Description**

According to the Bank's website, the TA will assess the recurrent issues hampering the implementation performance of public infrastructure investments in Nepal; identify their systemic, structural, and procedural causes; and propose operational, legal, and institutional strengthening measures and digital solutions to overcome those challenges. Focusing on the Asian Development Bank (ADB) portfolio, the TA will introduce and enhance e-governance and digitalization processes, streamline project execution, and improve budget utilization.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
