## **Project Description**

The objective of this Technical Cooperation is to support the public service providers of Ecuador through the EPA EP (Public Water Company), in processes of institutional optimisation, improvements in commercial management and technical designs. As a result of the CT, the needs of the Decentralised Autonomous Governments (GADs) and weaker Public Companies will be identified; To develop a proposal for improvement that will be applied to a sample of providers that will serve as a basis for the development of a strategy at the national level.

## Contact Information

### ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
