Project Description

According to the bank document, the Northern Province Sustainable Fisheries Development Project will support investments to revive the fisheries sector in the conflict-affected coastal districts of Jaffna, Mannar, Mullaitivu, and Killinochchi. Investments are required to:

(i) rebuild large-scale infrastructures, such as harbors, anchorages, and associated facilities,

(ii) introduce new fishery technologies,

(iii) expand aquaculture sustainably

(iv) strengthen community-based organizations and related institutions, and

(v) develop economic activities for households headed by women, war widows, and single women.

The project's impacts are aligned to improve: (i) the nutritional status and food security, and (ii) incomes of fisher communities.

The outcome will be fisheries production in the Northern Province sustainably increased. The proposed outputs will be:

(i) climate resilient infrastructure developed and operational;

(ii) aquaculture developed;

(iii) entrepreneurial skills, market links and credit access for local communities including women are strengthened; and (iv) management of coastal and fishery resources improved.

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
