Project Description

The Multilateral Investment Guarantee Agency is providing financing to construct a seawater desalination plant intended to provide 50,000 cubic meters/ day of water to the Cangzhou Bohai Development Zone. The plant will be constructed by Aqualyng New Water Resources Company, and will have a total area of approximately 45,000 square meters and include: a main process building (including control room, dosing, filtration, pump, and distribution warehouse, etc.); clean water tank; clarification tank; and auxiliary facilities.

The project was expected to begin construction in September 2015 and is expected to finish by September 2017.

The project will obtain water from the Bahai Bay.

Investment Description

Norway is the investor country.

ACCOUNTABILITY MECHANISM OF MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at CAO@worldbankgroup.org. You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
