Investment Amount (USD)	$ 0.25 million
Project Cost (USD)	$ 0.25 million

Project Description

According to the Bank’s website, the objective of the proposed Technical Cooperation is to support the Government of The Bahamas to advance clean energy development in the country. The specific objectives are: (i) to support the preparation of the second operation of the CCLIP BH-O0006, (ii) to provide implementation support to the first operation of the CCLIP, and (iii) to strengthen the energy sector institutional and regulatory framework for the energy transition. The proposed support includes technical assistance, analytical assessments and support for knowledge exchange and dissemination events.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
