## Project Description

According to MIGA's summary, the non-shareholder loans from lenders yet to be identified, to PT Bajradaya Sentranusa (BDSN), an independent power producer, to refinance the Asahan 1 Hydroelectric Power Plant in Indonesia through an IFC B Loan. BDSN has applied on behalf of lenders yet to be identified, for a MIGA guarantee of up to US\$ 160 million for a period of 17 years against the risks of currency inconvertibility and transfer restriction, expropriation, war and civil disturbance, and breach of contract.

The Project is a fully operational 180MW run of river hydroelectric power plant completed in 2010, and selling electricity to PT Perusahaan Listrik Negara (Persero) (PLN), the national utility company, pursuant to a Power Purchase Agreement expiring on December 31, 2040 on a take-or-pay basis. The Project is located 25 km downstream of Lake Toba on the Asahan River in North Sumatra, and 130 km southeast of the city of Medan.

### ACCOUNTABILITY MECHANISM OF MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
