## Project Description

According to ADB, the proposed knowledge and support technical assistance (TA) will help enhance the planning capacity of the road transport sector in Bhutan, through the review of the connectivity of the existing road network and its maintenance plan; development of a master plan for national highways up to 2040; and support to the Department of Roads (DOR) of the Ministry of Works and Human Settlement (MoWHS) in strengthening its planning capacity.

The TA is included in the indicative country pipeline and monitoring report and its objective is identified as one of the three pillars in the country partnership strategy, 2019-2023: improved connectivity to provide access to information and markets.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
