## Project Description

According to IADB website, the project aims to accelerate climate change adaptation in rural women and their communities, by introducing technology in the Gran Chaco. Technology will give them access to new agtech solutions, and fintech solutions.

## Investment Description

- Inter-American Development Bank (IADB)

Multilateral Investment Fund II (MIF)

## Contact Information

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
