Project Description

The objective of the project is to promote commercial agriculture development, increasing production and employment within selected value chains, in targeted areas in Angola. The project will support commercial agriculture development through three interrelated components:

1. Agribusiness development by means of mobilizing investment, including PPPs, providing financial and non-financial support to value chain actors and developing support infrastructure (rural roads, storage, irrigation, and energy);
2. Support to create an enabling environment for commercial agriculture; and
3. Project management, coordination, and public-private dialogue.
