## Project Description

The objective of the CCLIP is to help generate employment and income in emerging destinations, consolidating tourism activity as a factor in balanced regional development. The objective of the second individual operation is to increase tourism spending in three emerging destinations (Lower Santa Lucía River Basin Corridor; Minas Corrales-Tacuarembó Northern Corridor; and Calera de las Huérfanas), as tourism is an input that triggers employment and income at the local level

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
