| Sectors | Energy, Technical Cooperation |
| Investment Type(s) | Grant |
| Investment Amount (USD) | \$ 2.23 million |
| Project Cost (USD) | \$ 2.23 million |

Project Description

This project finances efforts to increase access of low-income households to electricity services in peri-urban and rural areas of Solomon Islands through two components: i) micro-grid densification/extension and grid extensions/densification and ii) implementation support.

Investment Description

- World Bank (WB)

The state-owned power utility, the Solomon Islands Electricity Authority (SIEA) is responsible for electric power generation, transmission and distribution to all urban and provincial centers, and operates all of the electricity grids for this project.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
