## Project Description

According to the project document, "The Climate-friendly Agribusiness Value Chains Sector Project (the project) will invest in pro-poor and inclusive agricultural value chains in Cambodia. The project will enhance rural household incomes and agricultural competitiveness by:

- providing improved critical production and post-harvest infrastructure,
- reducing energy costs by promoting bio-energy use and sustainable biomass management, and
- offering targeted agribusiness policy and capacity support services.

Cambodia has experience in sector modality in terms of identifying and carrying out subprojects during project implementation period and meets criteria for sector lending, as it has:

- agricultural sector development plan,
- reasonable institutional capacity to implement the plan, and
- suitable policies applicable to the sector. Furthermore, capacity building will be integral to the investment".
