## Project Description

According to EBRD website, the Bank will encourage private entrepreneurship and help address issues of insufficient access to financing by small businesses and start-ups. The EBRD will support future value creation, in particular in the areas of green energy/environmentally friendly investments. The transition impact of the Project stems from support to private entrepreneurship and setting standards in corporate governance with franchisees, as well as setting standards in resource efficiency and "green innovation", through proposed Green Economy Transition investments and other initiatives.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form, [http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en). You can learn more about the PCM and how to file a complaint at <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>.
