Project Description

A co-investment facility whereby the EIB will co-invest alongside Eiffel Investment Group managed funds to support specific energy efficiency and decarbonisation projects in the EU.

The project aims to support the financing of energy efficiency and decarbonisation schemes. This will contribute to supporting national and EU energy and climate goals, notably in relation to the decarbonisation of electricity production in the EU, the decrease of reliance on fossil fuels and the security of energy supply.

The co-investment will finance mostly projects of funds in which the EIB is an investor or with whom it has a long standing relationship and which comply with EIB's eligibility criteria, including EIB's environmental and social standards as well as applicable EU environmental directives.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- Eiffel Investment Group SAS (Financial Intermediary)

Private Actors Description

As stated by Bloomberg, Eiffel Investment Group operates as an asset management firm. The Firm specializes in managing and investing in listed bonds and private debt. Eiffel Investment Group serves institutional investors and private clients in Europe.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
