## Project Description

This project finances the expansion of Aversi's healthcare services. This includes the purchasing of medical equipment, including oncology diagnostic and radiotherapy equipment, to be installed in the Eristavi Clinic and Aversi Clinic's main hospital extension, which is currently under construction in Tbilisi. In addition, the project includes the construction of a new out-patient clinic in Telavi, located in the Khaketi region.

### ACCOUNTABILITY MECHANISM OF IFC/MIGA

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
