<b>Sectors</b>	Education and Health, Law and Government, Technical Cooperation
<b>Investment Type(s)</b>	Advisory Services
<b>Investment Amount (USD)</b>	\$ 0.20 million
<b>Project Cost (USD)</b>	\$ 0.20 million

### Project Description

The technical cooperation supports the development of a care system in Panama with a gender approach, through the following activities: (i) support for the design of the institutionality of a care system in Panama that recognizes, reduces and redistributes the task of care between women and men, in the areas of early childhood care, personal assistance to people with disabilities, long-term care for the elderly in a situation of dependency; (ii) analysis of population aging and of the existing services for dependent care for the elderly, including a gender perspective in both the analysis of demand and supply; (iii) support for the impact evaluation of a pilot of care services for the elderly with dependency and its effects on female labor participation (implemented in the context of operation PN-L1177).

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
