## Project Description

The Inter-American Development Bank has released little information on this project. On their website, it says that the project will strategically position the Bank's initiatives and products in the global sustainability sector by fostering stakeholder engagement and enabling the spread of information related to energy in Latin America and the Caribbean.

## Investment Description

- Inter-American Development Bank (IADB)

The Bank has not specified the type of funding that this project will receive.

## Contact Information

Project contacts not available at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
