Project Description

According to ADB website, the ADB is working with Georgia to support a reform program to help strengthen the country's finances and support inclusive growth. The program is supporting government reforms that are creating jobs and providing better social protection for families.

The program enhances inclusive growth options by opening up the fiscal space for the government to meet its planned significant funding of inclusive social and economic services. To achieve this, the program supports fiscal consolidation, improve revenue management, strengthen public expenditure management, enhance the generation of domestic savings, and increase private resource mobilization for investment opportunities, especially for micro, small, and medium-sized businesses. The program impact will be that citizens, particularly women, benefit from higher living standards and more employment opportunities.

If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment.
