Emergency Water and Electricity Services - Additional Financing

Quick Facts

Countries	Guinea-Bissau
Financial Institutions	World Bank (WB)
Status	Active
Bank Risk Rating	B
Voting Date	2017-05-30
Borrower	Ministry of Economic and Regional Integration
Sectors	Hydropower, Water and Sanitation
Investment Amount (USD)	\$ 25.00 million
Project Cost (USD)	\$ 25.00 million

Project Description

The objective of the Additional Financing for the Emergency Water and Electricity Services Upgrading Project for Guinea-Bissau is to: (a) restore and increase the access of the population of the Recipient's capital city of Bissau to safe water and improve the quality of water services and (b) improve the reliability of electricity supply to the population of Bissau. The Additional Financing (AF) will help finance the costs associated with scaling up and expanding activities to enhance the impact of the parent project. The proposal also includes a restructuring of the parent project, which will involve, among others, an extension of the project closing date and a revision of the project development objective (PDO) and the results framework. The AF will enhance the impact of the parent project by (a) providing access to improved water services to approximately 57,000 additional people, increasing the project outcome target by 75 percent and (b) further improving the reliability of electricity services. The improvement of the management and operational performances of EAGB under the AF will be achieved through private sector participation (PSP) in the delivery of services in the form of a SC with a professional operator and effective and proactive monitoring of the quality of electricity and water services under a performance contract.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org.

You can learn more about the Inspection Panel and how to file a complaint at:

<http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
