## Project Description

According to the bank website, the proposed PBL will support the government's continuing efforts to improve disaster resilience through a series of reform initiatives. To establish eligibility to access the contingent financing, the government has undertaken prior policy actions that (i) strengthen institutional arrangements for disaster risk management (DRM); (ii) improve the disaster resilience of physical assets; and (iii) expand disaster risk financing.

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
