### **Project Description**

The general objective of this project is to provide support to the Ministries of Education of Barbados and Trinidad and Tobago in improving the skills of teachers and teacher trainers in digital education and distance learning pedagogies. This program will contribute to their transformation efforts towards a more digital, resilient, inclusive, and quality education system. Secondly, it will strengthen the Ministries' knowledge base on digital teacher training as a catalyst for recovering and accelerating learning achievement in students in the aftermath of the COVID-19 crisis.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
