## Project Description

The objective of the proposal CT is to contribute to the context of financial inclusion of women and diverse populations in Colombia, which leads to adequate policy formulation through strengthening the capacities of public institutions involved in the design of products and services Financial for greater economic empowerment of objective populations. The CT would contemplate activities to improve institutional capacities, strengthen financial product design efforts, improve financial autonomy, support the development of a better evaluation of current programs and contribute to a better formulation of policies in the public financial system.

## Investment Description

- Inter-American Development Bank (IADB)

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
