Project Description

As of September 1, 2026, the project disclosure page cannot be found on the US DFC's website. As stated on the company's LinkedIn account:

> Elektryka Ukraine LLC is a young but ambitious company whose goal is to bring the latest technologies to the process of building the Ukrainian energy system of the future. The company's solutions are aimed, firstly, at rapid recovery and, secondly, at further long-term reconstruction of Ukraine using the latest technologies that will make Ukraine a significant player in the European and global markets. The company brings together investors from Ukraine and the countries of Ukraine's strategic partners to support Ukraine in its time of need and to participate in the country's post-war reconstruction. Already, the company has united the most qualified specialists in the industry and is developing strategic plans to formulate proposals and solutions related to the formation of Ukraine's energy security, which is an integral part of the national security. And the company is already implementing a project to install a 50 MW BESS, which will be a significant support for Ukraine's energy system in the coming autumn and winter.
