| **Project Cost (USD)** | $ 1.44 million |

## Project Description

According to IADB website, the TC aims to adapt and sustain efforts to prevent, detect and treat malaria cases while preventing the spread of COVID-19 and ensuring the safety of service providers and the affected population. The TC will support raising awareness of the effects of COVID-19 and malaria and will take actions at the national and local levels. The TC will provide technical assistance and financing to beneficiary countries for detecting, diagnosing, treating and reporting malaria, as well as detecting and managing COVID-19 cases.

**Investment Description**

- Inter-American Development Bank (IADB)

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
