Borrower	IDB borrowing countries
Sectors	Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.50 million
Project Cost (USD)	$ 0.50 million

Project Description

According to the IADB, the aim of the project is to equip local and national urban counterparts to effectively tackle common urban regional challenges through capacity building activities, knowledge sharing and innovation in LAC cities.The specific objectives are: (i) Identify common urban challenges establishing connections between practitioners and existing solutions, as well as best practices in the field; (ii) Promote capacity building opportunities and networking activities for city leaders and municipal officials to straighten urban management; (iii) Disseminate cutting-edge knowledge related to urban innovation to strengthen city management and leadership; (iv) Support cities in developing pilots to experiment, test, and eventually scale innovative urban solutions; (v) Mentor and support innovative urban projects' preparation, implementation, and evaluation; (vi) Facilitate multistakeholder and multilevel coordination to streamline innovative urban solutions; (vii) Strengthen the value proposition of the only single service platform offering knowledge generation, networking opportunities, and technical assistance focusing specifically on the needs and priorities of Latin American and Caribbean cities; (viii) Promote synergies with partner institutions and public counterparts, connecting city leaders, city officials, practitioners, and academics to identify solutions, best practices, common challenges and opportunities to promote sustainable urban development.

Investment Description

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
