Project Description

A loan guaranty to WorldBusiness Capital, Inc. to support the expansion of the Borrower's lending portfolio to individuals and microenterprises in El Salvador (the "Project").

Early Warning System Project Analysis

Under the DFC's ESPP, the Borrower is required to comply with applicable local and national laws and regulations related to environmental and social performance and applicable provisions of the 2012 International Finance Corporation's Performance Standard ("PS") 1 and 2. A desk-review based due diligence assessment indicates that because the Project will use DFC support or the expansion of its consumer lending portfolio in El Salvador, significant adverse impacts concerning community health and safety, biodiversity, land acquisition and resettlement, indigenous people, and cultural heritage are not anticipated; therefore, PS 3, 5, 6, 7, and 8 are not triggered at this time. The Borrower does utilize private security and therefore, relevant aspects of PS4, Community Health, Safety, and Security are triggered.

The Borrower has an Environmental and Social Risk Policy, Human Resources Policies, and Grievance Mechanisms that will require strengthening to meet the requirements found in IFC PS 1 and 2. This will include adjustments to its risk management related to child and forced labor screening, GHG accounting, E&S training for management, its non-discrimination policy, and its ESMS to align with the expectations listed within the DFC's ESPP prior to the receipt of support.
