Project Description

The general objective of this operation is to contribute to growth and private sector employment in the provinces by improving the management of revenue, expenditure, and public investment, and by implementing investment projects. The interaction between strengthening actions and public investment projects will help to: (i) create incentives for improving fiscal management by linking it with project financing; and (ii) ensure that improvements in the management of provincial investment are implemented. The operation's specific objectives at the provincial level are to: (i) increase provincial revenue, with a focus on the real estate tax; (ii) improve the management and targeting of provincial public expenditure; (iii) strengthen investment management; (iv) finance investment projects in strategic sectors, increasing private sector employment; and (v) provide support in the design of fiscal federalism reforms.

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
