## Project Description

The proposed project entails the investment program of NSG UK Enterprises over the next two years, and ranges from investments in manufacturing new glass models for the automotive industry to ongoing maintenance of float glass lines and investments in research and development.

Specifically, the IFC loan is expected to be utilized for: (i) partial financing of the Company's FY16-18 capex in Poland; (ii) funding research and development (R&D) expenses geared towards improving energy efficiency of the manufacturing processes so as to produce more climate friendly products which is primarily performed in UK and new products and processes are rolled out across all NSG/Pilkington operations in emerging and developed markets; and (iii) refinancing of high priced debt.

## ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
