Project Description

According to the bank document, "the sovereign financial intermediary loan to Indonesia will be on lent to PT Sarana Multi Infrastruktur (PT SMI) for SIO-GFF implementation. The SIO-GFF mechanism will link funds provision to subprojects with clear green - a cross cutting theme across most SDGs - and financial bank-ability targets. The project will play a critical role in Indonesia's sustainable economic recovery following the COVID-19 caused pandemic including through specific targeting of post-COVID-19 recovery projects. TA support will provide capacity and implementation support to PT SMI".

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at <https://www.adb.org/site/disclosure/appeals>

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
