DAWERE virtual baccalaureate: virtual education accessible to the excluded in LAC

Project Description

According to the Bank’s website, the objective of the project is to strengthen and scale the virtual high school model of Dawere, a Venezuelan-based EdTech that has developed a robust online platform to provide quality, affordable, flexible and officially accredited online education for Spanish-speaking youth and adults who cannot attend a traditional face-to-face school, who are in situations of vulnerability or forced displacement.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
