Investment Amount (USD)	\$ 0.56 million
Project Cost (USD)	\$ 0.56 million

Project Description

The general objective of the project is to contribute to the economic development and cross border economic integration between Alto Paraná (Paraguay) and Paraná (Brazil). The specific objectives of the current project are the following: (i) strengthen local technical capacities; (ii) identify and analyse binational value chains that generate local spill overs and speed up investment in the border zone; and (ii) provide trade facilitation recommendations to improve cross border integration.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
