## Project Description

According to the IADB, the main objective of the Project is to support the construction of the Howard I and Sabanitas II Water Treatment Plants in the districts of Arraijan and Colon, Panama, and to provide Acciona and the Consortium with the financial flexibility needed to complete execution within the planned timeline, while ensuring operational continuity and minimizing the likelihood of any financial setbacks. The implementation of this Project aims to improve deficiencies in the drinking water service provided to the population of Panama, particularly in the districts of Arraijan and Colon, and to expand its coverage in the areas impacted by the initiative

You can submit a request for information disclosure at: https://www.iadb.org/en/access-information/information-request

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
