## Project Description

Provide technical and operational support for the implementation of Project HO-L1188 in a post-crisis context once schools reopen. The specific objectives are: (i) identify effective classroom-based pedagogical practices based on educational research to reduce the stress levels of students and improve school climate; (ii) identify, adapt and validate instruments to evaluate and monitor students' socioemotional skills; (iii) carry out the design and technical preparation to implement and evaluate a skills for work pilot; and (iv) support the project's execution given the new challenges faced by the COVID-19 crisis.

## Investment Description

- Inter-American Development Bank (IADB)

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
