| **Investment Amount (USD)** | $ 0.30 million |
| **Project Cost (USD)** | $ 0.30 million |

## Project Description

The Technical Cooperation objective is to continue supporting the Andean countries (Bolivia, Chile, Colombia, Ecuador and Peru) regional energy integration process to promote commercial energy exchanges between them, through the optimization of the use of energy sources and assets in the Andean Region, promoting greater well-being for the population of these countries through the reduction of both energy costs and greenhouse gas (GHG) emissions.

## Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
