### **Project Description**

The objective of this TC is to foster innovation within the financial system, by supporting the financial supervisor to consolidate sustainable infrastructure finance ecosystem in Colombia. The Program works on paving the way to eliminate all potential barriers that hinder bankability of a pipeline of sustainable projects. It will help to mobilize investment in infrastructure to achieve strong, inclusive, and balanced economic growth that will set Colombia on a more sustainable and inclusive development path.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
