### Project Description

The Technical Cooperation project will support the implementation of the program ("Aprende al Máximo") focused on literacy, science and mathematics, and will contribute to the development of a monitoring and evaluation system and tools for more efficient management of the education sector, including mechanisms of coordination with the private sector.

---

### **Investment Description**

- Inter-American Development Bank (IADB)

The US \$300,000 technical cooperation will be funded through the IADB's Ordinary Capital.

---

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
