| <b>Investment Amount (USD)</b> | \$ 2.00 million               |

## Project Description

This project finances increased capacity and investment readiness of urban energy access projects in Asia and the Pacific by assisting selected developing member countries to identify, design and develop projects to address the unmet energy needs of the urban poor.

## Investment Description

This project is funded by the ADB through the Government of Austria.

- Asian Development Bank (ADB)

\*No contacts available\*

### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
