### Project Description

According to the bank document, the project comprises the revitalization of an emerging central business district in Yangon, including hotel, retail, office, and residential space; and a district cooling plant and network to serve the locality. The current project will help reduce the acute shortage of business, tourism, and residential infrastructure in Yangon, and enable commercial activity and the import of capital, skills, and technology that the country requires to transition to a modern economy.

#### ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
