## Project Description

According to the ADB, this knowledge and support technical assistance (KSTA) aim to improve the policy and regulatory framework, and the institutional capacity of relevant government agencies to support climate financing. In the climate finance area, the TA will aim for the following outputs:

- (i) Climate financing policy and regulatory framework enhanced;
- (ii) Market based funding strategy for long-term climate risk financing and capital market solutions to support carbon reductions proposed; and
- (iii) Feasibility studies for sectors critical to climate risk mitigations and adaptations (including renewable energy, energy efficiency, and green transportation sector) developed.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.adb.org/forms/request-information-form>

ADB has a two-stage appeals process for requesters who believe that ADB has denied their request for information in violation of its Access to Information Policy. You can learn more about filing an appeal at: <https://www.adb.org/site/disclosure/appeals>

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>.
